KUALA LUMPUR: National bodybuilding champion, Mohd Syarul Azman Mahen Abdullah, regards the present in the form of a Wilayah Residency apartment unit by the Federal Territories Minister as a catalyst for him to be more successful in body building.

Mohd Syarul Azman, or more popularly known as 'Mike', was presented with the apartment at the Jalilmas Residency, worth RM198,000 by Khalid Abd Samad through the ministry's cooperation with the housing developer Aset Kayamas Sdn Bhd.

The apartment in Bukit Jalil, which has three bedrooms and two bathrooms, had been modified and fully furnished which included electrical goods worth approximately RM30,000, fully sponsored by Aset Kayamas.

The 45-year-old athlete received the present following his success in becoming a three-time world bodybuilding champion from 2016 to 2018 and a four-time Asian champion 2015 to 2018.

"As an athlete, such recognition is most welcome, especially for those who have won a world title, even though not from a core sport or an achievement such as glory at the Olympics. This is because we also carry the country's good name while our national anthem Negaraku is played abroad when we succeed," he said.
